Profile

Graduated in Systems Development Technology from Universidade Cidade de São Paulo. I have been developing web systems since 2009, with extensive experience building websites, portals and web applications following semantic code best practices and W3C standards.

Self-taught, passionate about technology and a natural team player, with good interpersonal relationships with both clients and development teams.

Skills

- Responsive Design;
- Tableless Design, Web Standards (W3C);
- HTML, XHTML, HTML5, CSS3, LESS, Sass;
